I have found this utility on my disk. Should I be worried about this program? I have never seen it before. (Reply) This is a part of the original utility. VASV 19.01.01 18.06.2012 I do not know which new changes are implemented in the new version. Utorrent. 5e032f240e vasv19.01.01 06/17/2012 How to turn on a chat? (Reply) This is the official site of the utility. In addition, you can download the install package there. About a week after the new version, I found out that the chat function is not working. Therefore, I replaced the zip file from the site to the new version. It is now working. I know that this is not 100% the same, but it is good. (Reply) There is a change at "config.txt". The first "play" in the config.txt is replaced by the function "vid" for the user interface. This will be the best way to keep the original program. (Reply) Imports UBCD. 5e032f240e vasv19.01.01 06/17/2012 What exactly does this program do? For example, I saw an icon of a flash animation of a man with a screwdriver. (Reply) From the moment I installed it, the program started downloading torrents from the Internet. (Reply) If I run it on my home PC, I have to wait until it becomes active. I wonder why it is so. (Reply) Utorrent is not activated. 5e032f240e vasv19.01.01 06/17/2012 When I run the program, it closes immediately. Is it possible to activate the program? (Reply) You must first uninstall the previous version of the program. VASV 19.01.01 06/17/2012 How to activate the program? (Reply) Activate Utorrent. If you want to install the activation code of VASV 19.01.01 The other one is in the same post. 5e032f240e vasv19.01.01 06/17/2012 How do I uninstall the old version? (Reply)

vasv19.01.01 06/17/2012 Question: Hello! I am 29 years old, in March 2012 I had an operation to remove a fibroadenoma of the right breast, hormone therapy was prescribed. I have very big doubts about the correctness of this prescribed treatment. I don't want to take hormones because I'm very afraid of breast cancer. I have a question: after the operation, they told me that there are indications for the removal of the ovaries, what should I do? How can I do it right? I want to keep reproductive function. Thanks ! Answer: Hello, Nastya! fffad4f19a
